Information on Product Change Notification WPC-260902-001

This page is a note from WIZnet Germany GmbH. The original Product Change Notification (PCN) issued by WIZnet Co., Ltd. follows on the next page without changes.

Product

WIZ750SR-TTL-EVB, WIZ750SR-232-EVB and WIZ750SR-485-EVB

Change

The evaluation boards are supplied as base boards only. The WIZ750SR module and the accessories (cables) are no longer included. According to the PCN, this is the only change.

Impact

To use an evaluation board, please order the matching module separately: WIZ750SR-TTL, WIZ750SR-232 or WIZ750SR-485. Standard Ethernet, USB and serial cables are not included.

Dates in the original PCN

The supplying schedule in the original PCN refers to production at WIZnet Co., Ltd. It does not state when boards with the change are delivered by WIZnet Germany GmbH.

Identification

The change can be seen from the scope of delivery: the package contains the base board only, without module and cables.

Contact

For questions about this change, please contact support@wiznet.eu.
